# DETAILS

## MAKE THE DIFFERENCE

Here at Brian's, this statement holds true every day. It describes the way we approach the design and innovation of our products, the quality craftsmanship in each and every piece, and the way we bridge our established history with our goal of leading the future of goal equipment manufacturing.

The 2016 lineup features the Canadian manufactured **NETZERO** and the Pro Import version **SLAMMZZ**, which joins the **NETZERO** in utilizing our Patent Pending Colour Kits, giving every goaltender, young and old, the ability to uniquely express themselves through their equipment by custom colouring their gear in a matter of minutes.

At Brian's Custom Sports, we share the passion of each and every one of our customers. Ultimately, we are "Goalies manufacturing Gear for Goalties", and as one of the premier brands in the goal equipment category, we will continue to strive to be at the leading edge of innovative designs, materials and craftsmanship.

We thank you for the continued passion, support and interest in Brian's
