

BROWN®

ICE HOCKEY '94

John Brown Custom Sporting Equipment would like to introduce you to our ever expanding line of custom-fitted goaltending equipment. Our continued dedication to research and development has allowed us to offer goaltenders of all ages and levels of play top quality equipment at affordable prices.

This dedication to excellence and customer satisfaction is another expression of our continuing commitment to maintain competitive leadership in the craft of custom goal equipment.

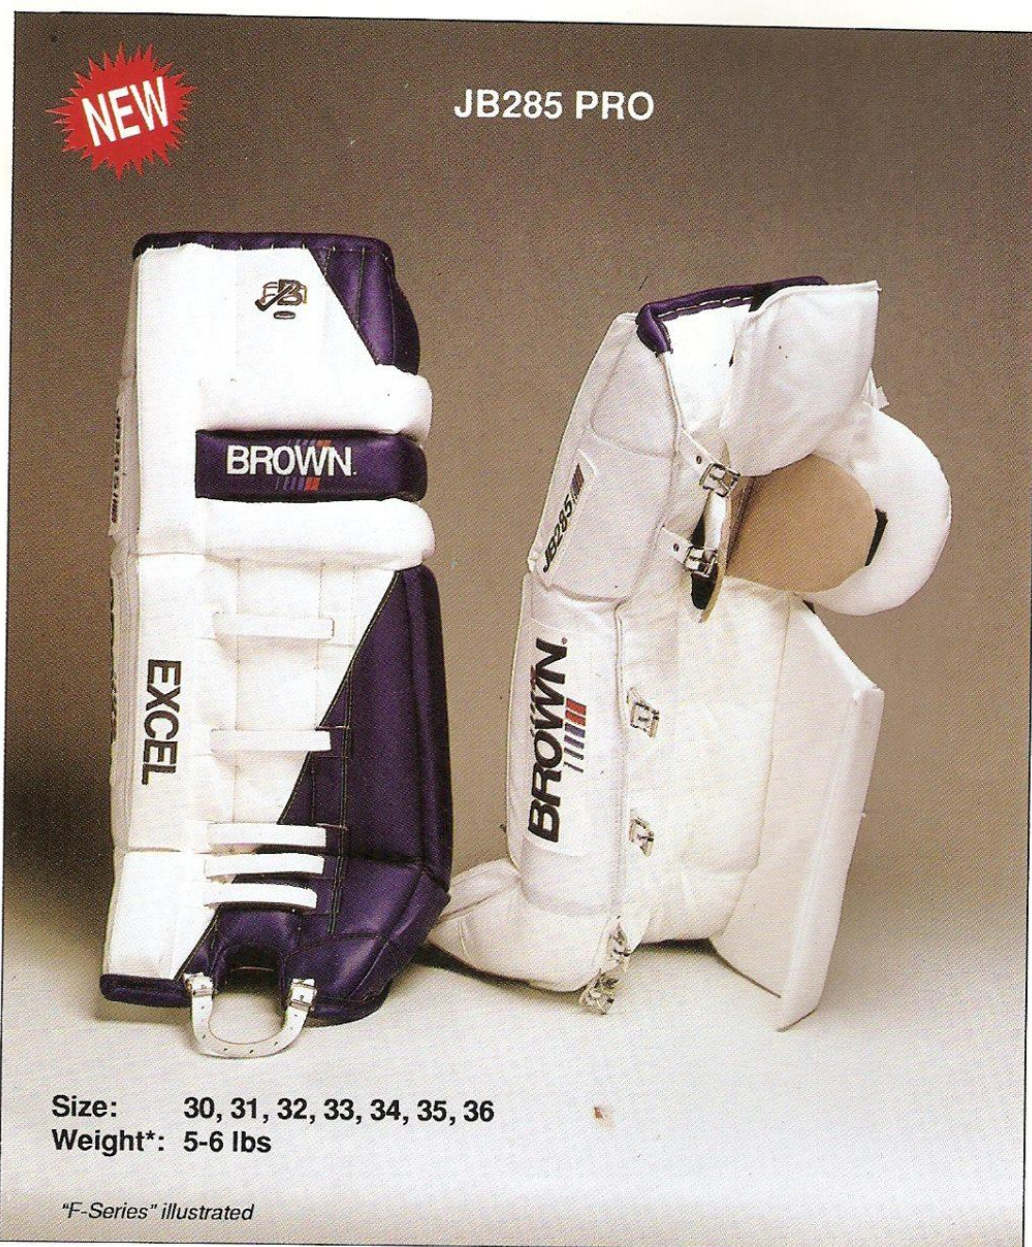

John Brown
President

JB285 Pro Excel

For 1994 Brown introduces the new JB285 Pro Excel. This all clarino synthetic leather pad features the exciting new "F-series" graphics, an internal knee lock and thigh protector, full wrap around calf protection, an extra strap at lower breakseam for increased security around skate area. Tapered tops for increased mobility, and an extra roll in the "five hole" area giving the pad a wider profile.

Available in "F-Series" graphics as shown, or standard solid colours.

JB280 PRO

JB190 INT

JB175 JR

Size: 30, 31, 32, 33, 34, 35, 36
Weight*: 4.5 - 5.5 lbs

29, 31, 33
4.5 - 5.5 lbs

23, 25, 27, 29
4 - 5 lbs

JB280 PRO, JB190 INT, JB175 JR

Refined for 1994, these pads use a combination of durable cordura nylon and clarino synthetic leather. The use of high impact plastics and foams make these pads one of the lightest yet most protective on the market.

These models feature the new wider profile look as well as an internal knee lock system. The pads also incorporate an orthopedic preformed leg channel to ensure a comfortable and secure fit.

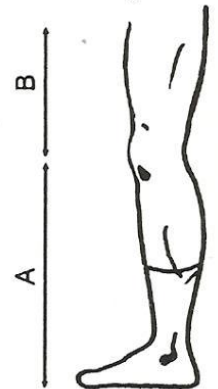

Available in a full range of colours.

**Weight dependent on size.*

BROWN GOAL PAD FITTING

Brown products are designed and handcrafted for maximum performance and durability. However, the accurate, initial fitting of new equipment is a critical prerequisite for goaltenders in achieving maximum satisfaction from the **Brown "custom" advantage.**

1. Measure in stocking feet the distance from floor to centre of knee cap.
Example: A = 18"
2. Measure distance from centre of knee to mid-point of upper leg.
Example: B = 10"
3. Add the above two measurements together and add 5" to get length of pad.
Example: 18" + 10" + 5" = size 33
Note: Add 4" instead of 5" for Junior Pads.

New JB210 PRO

Handcrafted using durable clarino synthetic leather on the entire front of the pad and 1000 denier cordura nylon on the sides and back of pad. Also incorporated is an orthopedic preformed leg channel with knee lock and upper thigh protector. An extra roll in "five hole" area for wider profile.

Available in a full range of colours.

**Weight dependent on size.*

JB200 PRO

Uses a combination of durable clarino synthetic leather and 1000 denier cordura nylon. Includes such features as an orthopedic preformed leg channel to ensure a comfortable and secure fit. Full length calf and knee protectors and an extra roll in "five hole" area for wider profile.

Available in a full range of colours.

**Weight dependent on size.*

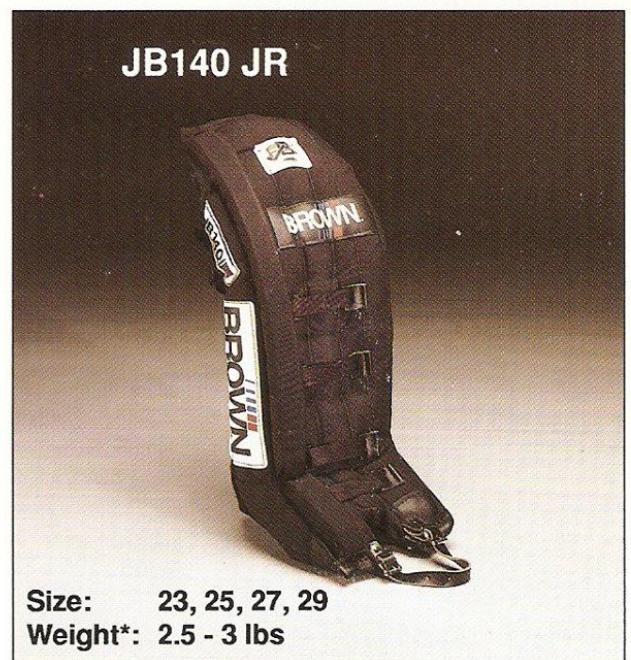

Constructed with a combination of clarino synthetic leather and 1000 denier cordura nylon. These exceptionally lightweight pads offer the recreational goaltender top quality while maintaining an affordable price. The combination of high impact plastics and foams, as well as full knee and calf protection, makes this pad one of the most protective in its class. A preformed leg channel as well as improved flexibility at the toe and knee area make this pad very comfortable and easy to break in.

Available in a full range of colours.

**Weight dependent on size.*

JB140 JUNIOR COMP

Features 1000 denier cordura nylon, heavy duty nylon straps with quick release fasteners and a preformed leg channel for easy break in. This exceptionally lightweight junior pad will allow the youngest goaltender a durable and protective pad at a very affordable price.

JB35 PRO SPOILER

NEW

BROWN.

Weight: 2.5 lbs

"F-Series" illustrated

JB11 PRO SPOILER

BROWN.

JB35 PRO SPOILER CATCH GLOVE

The new JB35 Pro Spoiler Catch Glove features a totally redesigned pocket and T-trap. An extended curved cuff block and wider cheater bar help to increase blocking and catching area. The back of the glove has full finger and hand protection along with adjustable wrist and finger straps.

The new "F-series" colour graphics (as shown) are available as well as our standard solid colour combinations.

JB11 PRO SPOILER BLOCKER

Features a thick pre-curved board using high-impact plastics and ballistic foams. Moulded split finger protection for maximum flexibility and protection. The clarino palm incorporates a layer of shock-absorbing foam. Adjustable wrist strap. The "F-series" colour graphics (as shown with JB35) are available as well as our standard solid colour combinations. (See JB11 shown with JB30)

JB30 PRO SPOILER

Incorporates a large T-strap and pocket, extended curved cuff block and cheater bar. Full wrist and hand protection and infinitely adjustable wrist and finger straps.

Available in a full range of colours.

JB16 SR COMP**Weight: 2.25 lbs****JB8 SR COMP****Weight: 2 lbs**

JB16 SENIOR REBEL CATCH GLOVE

Handcrafted in a traditional style using clarino synthetic leather and 1000 denier cordura nylon. A new larger T-trap to increase catching area. Full wrist and hand protection and infinitely adjustable wrist and finger straps make this series of gloves very attractive to both the recreational and young goaltenders.

JB8 SENIOR REBEL BLOCKER

Constructed of cordura nylon and clarino synthetic leather. Features a thick pre-curved blocking surface, full finger protection and a clarino palm for exceptional durability and protection.

JB12 JUNIOR REBEL CATCH GLOVE

Shares identical features found in the JB16 SR including a new larger T-Trap, full wrist and hand protection and infinitely adjustable wrist and finger straps.

JB7 JUNIOR REBEL BLOCKER

Similar to the JB8 SR but scaled down to accommodate the younger goalie. Uses a combination of cordura nylon and clarino synthetic leather, 1" thick blocking surface, full finger protection and a clarino palm.

JB12 JR COMP**Weight: 2 lbs****JB7 JR COMP****Weight: 1.5 lbs**

JB550 PRO EXCEL

Weight: 5 lbs

JB550 PRO EXCEL

JB550 Pro Excel offers the ultimate in protection and quality using high impact plastics, ballistic foams and durable water resistant nylon. The catching and blocking arms are designed for their respective movements. Floating shoulder and bicep flaps are constructed of high density foam and moulded plastics. Full wrap around arm flaps offer superior protection to elbow area. Other features include full size back protector, adjustable arm and wrist straps, a chest pad, "air cushion" system, and fully adjustable elbow pads.

JB500 PRO

JB500 Pro chest and arm has set the standard in quality and protection for over 15 years. Features include floating shoulder, bicep and arm flaps, water-resistant nylon, fully adjustable and removable back pad, chest pad "air cushion" system, and adjustable arm and wrist straps.

ADULT	
Size	Fits Height
1	5'6" and under
2	5'7" - 5'8"
3	5'9" - 5'10"
4	5'11" - 6'0"
5	6'1" and up

JB500 PRO

Weight: 4.5 lbs

JB400 SR

Weight: 4 lbs

JB400 SR

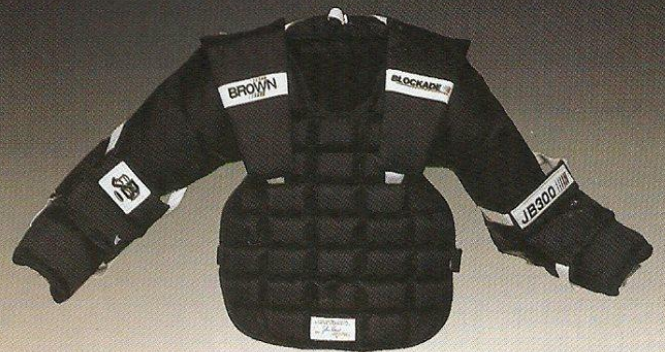

Designed to accommodate the goaltender who is vitally concerned about protection, but has equipment needs that may be less intensive. Constructed of the same high impact plastics, foams, and water resistant nylon found in our pro models. Other features include floating shoulder and arm flaps; adjustable arm straps, and a fully adjustable and removable back pad.

JB300 JR EXCEL

A scaled down version of our pro model using the same foam, plastics and water resistant nylon. Features include large floating shoulder and arm flaps, a full back protector, adjustable elastics for wrist and arms, and a fully adjustable elbow pad.

JUNIOR	
Size	Fits Height
small	4'4" - 4'6"
medium	4'7" - 4'8"
large	4'9" - 5'0"
x-large	5'1" - 5'2"

JB300 JR EXCEL

Weight: 4 lbs

JB305 JR COMP

Weight: 3.5 lbs

JB305 JR COMP

Offers protection in all vital areas including elbows, forearms and shoulders. A fully adjustable back pad has also been added for increased protection. The chest pad is constructed of high density foams and plastics, and covered in water resistant nylon.

JB905 PRO EXCEL

Size: 36, 38, 40, 42, 44, 46, 48
Weight: 4.5 lbs

JB855 JR EXCEL

Size: 30, 32, 34
Weight: 3.5 lbs

JB905 PRO AND JB855 JR EXCEL GOAL PANTS

Constructed of 420 denier water resistant nylon, moulded plastics and high density foams to offer the best protection available. Extended hip bars and inner thigh protectors provide the goaltender with increased blocking area. The pant also incorporates both a belt and pant buttons for suspenders to give the goaltender options for their own style of play.

Colours: Black, Royal Blue, Navy Blue, Kelly Green, and Red.

Custom striping available.

JB900 SENIOR COMP AND JB850 JUNIOR COMP

Conventional style goal pant which provides a loose fit and increased bulk. High density foams and moulded plastics strategically placed in the hip, thigh and tailbone area to offer protection against shots and ice contact. The shell of the pant is constructed of 420 denier water resistant nylon.

Colours: Black, Royal Blue, Navy Blue, Kelly Green, or Red.

Custom striping available.

*Brown Goal Pant Fitting

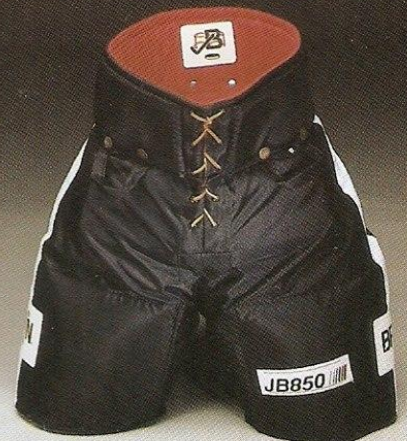

For all Brown goal pants add 6" to waist size for snug fit, 8" to waist size for loose fit (i.e. 32" waist + 6" = 38" pant size.)

JB900 SR COMP

Size: 36, 38, 40, 42, 44, 46, 48
Weight: 4 lbs

JB850 JR COMP

Size: 30, 32, 34
Weight: 2.5 lbs

JB700**JB700 PRO AND JB650 JR GOAL BAGS**

Constructed of a heavy duty reinforced vinyl. All seams are double lock stitched. The bags also incorporate a full length nylon zipper, internal pockets for skates, laundry and accessories and feature both hand held and shoulder straps for comfort and strength.

**BROWN ACCESSORIES**

We offer a line of accessories such as golf shirts, practice jerseys, replacement blocker palms, and replacement leg straps and toe straps for goal pads. We also offer a reconditioning service on all Brown Goal Equipment.
