Professional Nitro One-Piece Sticks

New Nitro Lite has the most advanced nanotechnology available in the world. Hybtonite™, the special aerospace ingredient (exclusive to Montreal) blends the nanoparticles and epoxy into a Hybrid Carbon Matrix. This gives Nitro Lites 60-70% more impact resistance than traditional composite sticks. It also has better feel than even wood and results in a 5-7% harder shot. The hockey industry finally has a composite stick worth the money.

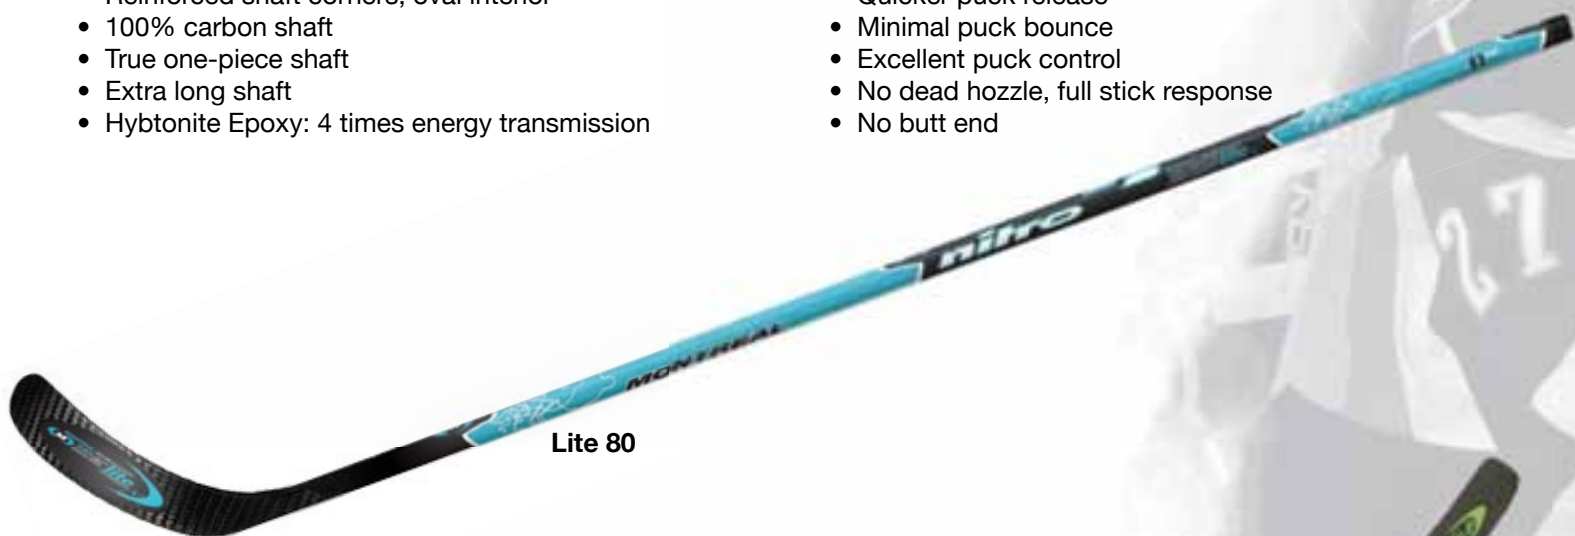

Nitro Lite

FEATURES

- Hybtonite™ epoxy: 4 times stronger than regular epoxy
- Hybtonite epoxy throughout the whole shaft
- Nano technology through the whole shaft
- PU foam core blade with graphite exterior
- Reinforced shaft corners, oval interior
- 100% carbon shaft
- True one-piece shaft
- Extra long shaft
- Hybtonite Epoxy: 4 times energy transmission

BENEFITS

- Longest lasting one-piece available
- More puck feel than wood
- 5 to 7% harder shots
- Lighter weight
- Quicker puck release
- Minimal puck bounce
- Excellent puck control
- No dead hizzle, full stick response
- No butt end

Lite 100

Nitro Lite Goalie

FEATURES

- Hybtonite™ epoxy: 4 times stronger than regular epoxy
- Hybtonite epoxy throughout the whole shaft
- Nano technology
- PU foam core blade with graphite/glassfibre exterior
- Reinforced shaft corners, oval interior
- 100% carbon shaft
- Paddle Lengths: 25½", 27" and 28"

BENEFITS

- Lighter
- More puck feel than wood
- Minimal puck bounce
- Excellent puck control
- Quicker reflexes

Nitro One-Piece Sticks

Nitro 9500

FEATURES

- Reinforced shaft corners, oval interior
- 70% graphite, 30% fiberglass shaft
- True one-piece shaft
- Extra long shaft
- ABS blade with graphite overlay

BENEFITS

- Strong
- No dead spots in shaft
- Full shaft flex
- No need for wood butt end

Nitro 4500

FEATURES

- Reinforced shaft corners, oval interior
- 30% graphite, 70% fiberglass shaft
- True one-piece shaft
- ABS blade with graphite overlay

BENEFITS

- Strong
- No dead spots in shaft
- Full shaft flex

Professional Goalie Sticks

9500

Features:

- Composite shaft
- Foam composite paddle core breakage
- ABS shell with fiberglass mesh overlay
- Paddle reinforced with 6 graphite bars per side
- Graphite and foam composite blade
- ABS heel
- Extra deep connection between shaft and paddle
- Kick plate
- Puck guard

Paddle Lengths of 25½, 27, and 28"

Benefits:

- Light
- Durable foam, very minimal breakage
- No heel blowout
- Strong
- Good puck control
- Chip resistant
- Kickable, no damage from skate blade

9000

Features:

- Wood/fiberglass mesh shaft
- Foam composite paddle core
- ABS shell with fiberglass mesh overlay
- Paddle reinforced with 6 graphite bars per side
- Fiberglass and foam composite blade
- ABS heel
- Extra deep connection between shaft and paddle
- Kick plate
- Puck guard

Paddle Lengths of 23, 25½, 27, 28, and 29"

Benefits:

- Light
- Durable foam, very minimal breakage
- Strong
- Great value
- Good puck control
- Chip resistant
- Kickable, no damage from skate blade
- Popular, long time favorite

4000 Jr

Features:

- Composite paddle and blade
- Foam composite paddle core
- Extra deep connection between shaft and paddle
- Extra deep connection between shaft and paddle

Paddle Length: 23"

Benefits:

- Light
- Durable foam, very minimal breakage
- Strong, great value
- Popular, long time favorite

Professional Wood Sticks

9988 Series

Features:

- Foam composite injected shaft
- Graphite fiberglass reinforced
- ABS heel
- 60" long shaft

Benefits:

- Lightest wood stick
- Quick response
- Wood feel

9988 X3M XXX

Pro stiffness, 6 graphite rods per side

9988 X3M XX

Extra stiff, 4 graphite rods per side

88 Series

Features:

- Birch veneer shaft overlay
- Fiberglass/graphite reinforcement
- M95 blade
- Extra rounded shaft
- 3 piece light wood shaft
- 60" long shaft

Benefits:

- All wood feel
- Durable
- Lightweight
- A favorite

8866 XX Powershaft

4 graphite rods and .9mm fiberglass per side

8850 Graphglass

4 graphite rods and .9mm fiberglass per side

8825 Graphlight

2 graphite rods and .7mm fiberglass per side

9966C X

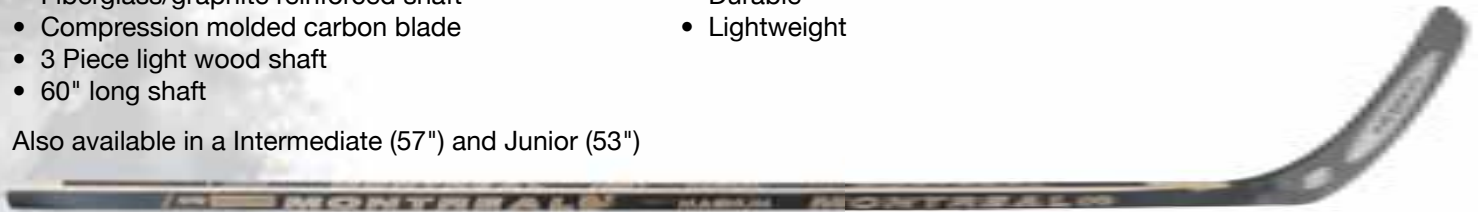

Features:

- Fiberglass/graphite reinforced shaft
- Compression molded carbon blade
- 3 Piece light wood shaft
- 60" long shaft

Also available in a Intermediate (57") and Junior (53")

Benefits:

- Durable
- Lightweight

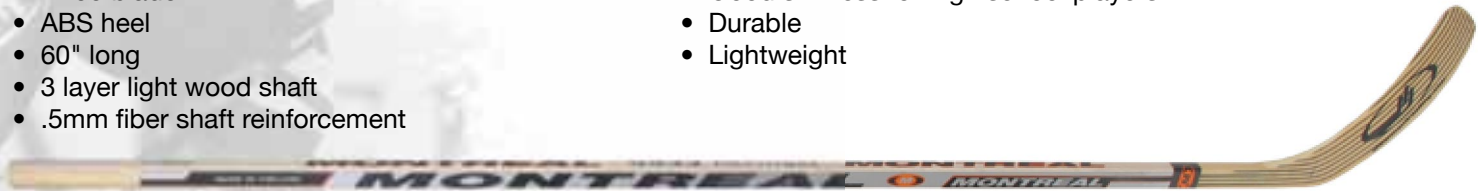

9933

Features:

- M-95 blade
- ABS heel
- 60" long
- 3 layer light wood shaft
- .5mm fiber shaft reinforcement

Benefits:

- Good stiffness for high school players
- Durable
- Lightweight

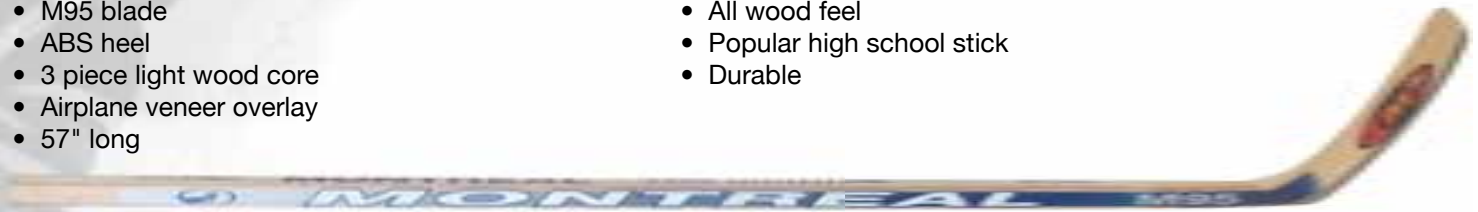

4400 Multilam

Features:

- M95 blade
- ABS heel
- 3 piece light wood core
- Airplane veneer overlay
- 57" long

Benefits:

- All wood feel
- Popular high school stick
- Durable

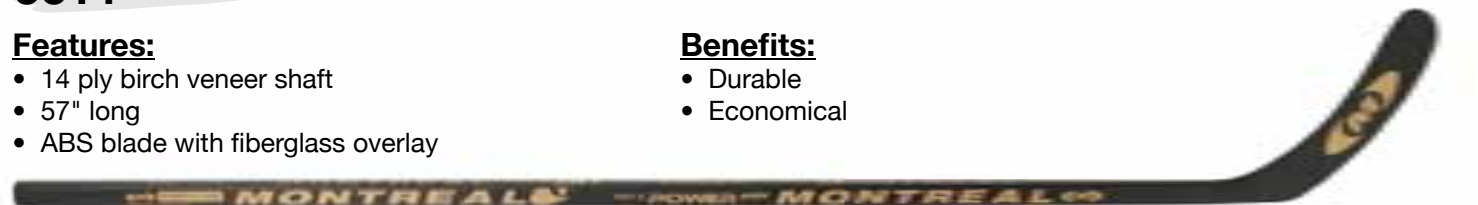

3311

Features:

- 14 ply birch veneer shaft
- 57" long
- ABS blade with fiberglass overlay

Benefits:

- Durable
- Economical

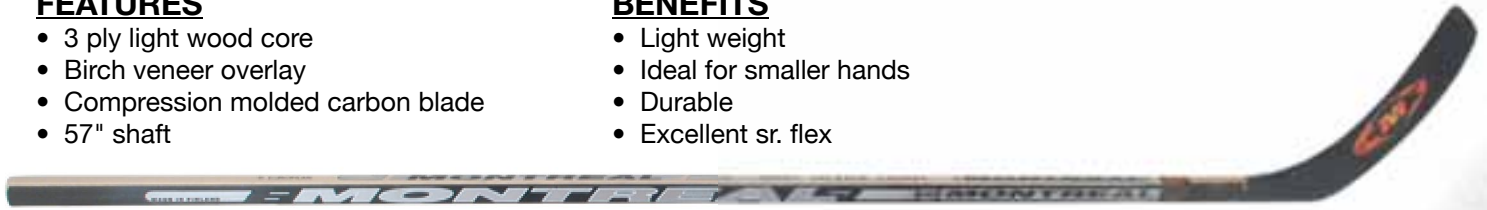

9922C Thin Grip

FEATURES

- 3 ply light wood core
- Birch veneer overlay
- Compression molded carbon blade
- 57" shaft

BENEFITS

- Light weight
- Ideal for smaller hands
- Durable
- Excellent sr. flex

8844C Jr MAGNUM

FEATURES

- 3 ply light wood core
- Birch veneer overlay
- Compression molded carbon blade
- 55" shaft

BENEFITS

- Light weight
- Good junior flex
- Durable

110 POWERLAM

FEATURES

- 43" long
- ABS blade with fiberglass overlay
- 12 Birch ply shaft
- Straight or curved blade

BENEFITS

- Great beginners stick
- Durable

80 MIDI

FEATURES

- 31" long
- All wood
- Straight blade

BENEFITS

- Great for rug hockey
- Good souvenir & gift stick

55 MASCOT

FEATURES

- 21" long
- All plastic
- Straight blade

BENEFITS

- Great for rug hockey
- Good souvenir & gift stick

M95 Sr & M55 Jr Blade

FEATURES

- 9 laminated blade
- ABS center laminate
- Thin blade
- Reinforced hozzel (sr. only)

BENEFITS

- High performance
- Stiff
- Great feel
- Long lasting

M9 Sr & M5 Jr Blade

FEATURES

- 9 laminated blade
- ABS heel
- Thin blade
- Reinforced hozzel (sr. only)

BENEFITS

- High performance
- Stiff
- Great feel
- Long lasting

Nitro 9500 Sr

FEATURES

- ABS center
- ABS frame
- Thin blade
- Graphite blade overlay

BENEFITS

- High performance
- Stiff
- Great feel
- Long lasting

Nitro 4500 Sr. & Jr.

FEATURES

- ABS center
- ABS frame
- Thin blade
- Fiberglass blade overlay

BENEFITS

- High performance
- Stiff
- Great feel
- Long lasting

NITRO CMX

FEATURES

- ABS and fiberglass
- Thin blade

BENEFITS

- Excellent all around blade
- Stiff

XACT Sr. & Jr.

FEATURES

- ABS with wood and fiberglass overlay
- Thin blade

BENEFITS

- Excellent for high wear surfaces
- Stiff

Tackla has been perfecting the hockey pant for more than 30 years. Tackla invented the European fit, which all others have tried to copy but never duplicated. Tackla is committed to producing high quality pants that have conformed to our time-tested ideals: protection, fit and movement. Better fit: 8 Adult sizes, 9 Junior sizes, plus cuts for tall and short players. All of our pants feature full 4-way leg stretch.

Professional Pants

5000X Sr
